1. Color kite as you wish.

2. Fold in half (picture inside) along solid black line.

3. Now fold down each side along the dotted lines to form kite shape (It will look a bit like a paper airplane).

4. Punch a hole near the bottom front of the kite and tie a string.

5. You can add a "tail" by attatching ribbon to the back if you like.

6. Fly your kite!
